Tammi & Mary,

Here are the Ranking Results for the HUD CoC competition. When we met yesterday, one of the comments that came up was combining projects. Now that all the projects are PSH projects, are there obstacles that make it hard to combine? From our standpoint, it seemed like it would be easier with less paperwork and fewer projects. Even on HUD's side of things, fewer projects to them to juggle also. But we are not in your shoes to know all the ins and outs.

Good luck with the application process!
